SACRED HEART CATHOLIC SCHOOL
NEWS FROM THE TEAMS

Kinder

We spent time at the Aboriginal campsite exploring the hut Leigh and some students built and the different ways people camp. We discussed fire safety around the fire pit. We even tried to sit silently for 1 minute as we listened to all the sounds around us.

We have been exploring magnets during our weekly Science session with Ms Cane. We have been learning how to observe, experiment and record our findings.

We returned from the holidays to discover over 30 boxes of all different sizes in our classroom. We have created towers, baby cots, vehicles, jet packs and many more interesting objects.

Mrs Dunn has captured our imaginations using puppets to tell us stories about Easter.

Prep

This term Prep has been very fortunate to have a variety of animal visitors. Bailey Van Den Broek brought in her pet pig. Bridie Fraser brought in a litter of puppies. Sophie Abbott brought in her pet cockatoo and Regan Brittain brought in her pet bunny rabbit. The children have really enjoyed having these visits. A big thank you to each of the children’s families for bringing the pets in. Prep is also lucky enough to have our very own class pet Buddy. Buddy is a shar pei (toy) dog and loves to be cuddled. Each student has a turn to take Buddy home over the weekend and take pictures to share with the class.

Grade 1/2

The year 1/2 team has been busy reading. Reading clocks, reading books, reading to each other, reading to year level above and below, reading to to themselves and reading data. The students found that clocks count seconds, minutes and hours. Please practice with your children how to read time on both analogue and digital clocks. The Grade 5’s came to visit and read to Grade 1/2 as well as Grade 1/2 to the Grade 5’s. Peer2peer reading increases engagement in reading as well as being fun. Please encourage the children to read to you. You’ll love it.
Church = Community

The Grade 3/4 team are learning about the importance of Church in their RE lessons. We have discovered that Church is really all about the people and not just the building. We are learning how the Church first started and will be exploring the work done by members of our Church community later in the term. Yesterday we read a story about the apostles working to start the community through baptism and sharing and caring for others. We thought about how we could be like the apostles in our own lives by caring for others.

Grade 4

ANZAC DAY

Over the school holidays the students completed a project focusing on ANZAC Day. It was great to see many Grade Four students researching at ground level by attending one of the ceremonies around our community.

THE COUNT SO FAR

We currently have 2570 bread tags and 3530 plastic bottle lids. Keep collecting everyone!

Grade 5/6

Sacred Heart Catholic School sent Netball and Football teams to the STCPSSA Round Robin Day. Students displayed courage, determination, organisation, team work and enjoyed the experience! A big thanks to all the parents and carers who supported and cheered us on!

Sacred Heart 3 - Peat!
